Website Development Proposal

Prepared for: Alhind, Alhind foundation website
Prepared by: Vimal Madhav
12 January 2016

EXECUTIVE SUMMARY

Project

Website for Alhind foundation

Requirement

- Showcase Website with Public Request Form (front page)
- LogIn panel for Officials [BM/SM/FM/Chair]
- Project status panel
- Simple content management page
- Responsive Web Design

Solution & Outline

The website is a type of 'Less Back-End Load' , so the best preference for its back-end is php technology . Thus the above specification can be easily be realised in a low budget scheme , without making any compromises in quality as well as the sites efficiency. HTML, CSS and Javascript are (Front-End) the other technologies involved in the website development process.

Estimated Cost

Website development	15,000-18,000 INR

Front page

-PRF
[public request form]

-Gallery

-PRF Status

-Other Site Details

-Responsive
